

AFEAWO SANDY

Software Developer & Network Engineer

Burma Camp, Accra, Ghana | 0545404916 | sandyafeawo123@gmail.com

PROFESSIONAL SUMMARY

Computer Engineering graduate with hands-on experience in software development and network engineering. Proficient in building web and mobile applications using React, React Native, TypeScript, and Node.js. Holds a CCNA-level certification with practical knowledge of routing, switching, VLANs, and network security. Comfortable working in Linux environments for system administration, scripting, and development workflows. Strong foundation in embedded systems and circuit design. Quick learner with a problem-solving mindset and a passion for building scalable, reliable solutions.

CAREER OBJECTIVE

- To leverage a dual background in software development and networking to drive technical excellence and deliver end-to-end solutions within an organisation.
- To apply expertise in full-stack development, network engineering, and Linux system operations to solve complex technical challenges.
- To contribute to organisational growth through collaborative development, infrastructure support, and continuous learning in an evolving technology landscape.

WORK EXPERIENCE

Frontend Developer

Iridis Technologies · 16 Kofi Annan Ave, Accra | October 2024 – Present

- Developed and designed asset and office management systems using Next.js and Tailwind CSS, focusing on responsive and user-friendly interfaces.
- Collaborated with backend and database teams to integrate RESTful APIs and ensure smooth data flow and functionality.
- Implemented state management, authentication flows, and component reusability to optimise performance and scalability.
- Worked in an Agile team environment, participating in sprint planning, code reviews, and cross-functional collaboration to deliver high-quality features on time.

IT Intern

Ghana Revenue Authority (MTO) · Takoradi, W/R | September 2023 – December 2023

- Implemented network security measures using firewalls and encryption protocols.
- Monitored system performance and identified potential issues proactively.
- Created and maintained user accounts and managed access controls for staff.
- Performed system backups, data recovery operations, and routine Linux-based system maintenance.
- Ensured compliance with industry standards and IT best practices.

KEY SKILLS & TECHNICAL COMPETENCIES

Programming Languages – TypeScript, JavaScript, Python, C/C++, SQL

Frontend Development – React.js, React Native, Redux, Next.js, HTML5, CSS3, Tailwind CSS

Backend Development – Node.js, Express.js, REST APIs

Mobile Development – React Native (cross-platform iOS & Android)

Databases & Tools – MongoDB, PostgreSQL, Firebase, Git, GitHub, Microsoft Excel, Notion

Networking (CCNA) – Routing & Switching, IP Subnetting, NATs, VLANs, OSPF, EIGRP, Packet Tracer, Wireshark

Network Security – Firewalls, Encryption Protocols, Access Control, Network Monitoring

Linux & Systems – Linux CLI, Bash scripting, system administration, file permissions, process management, SSH

Embedded Systems – Arduino, STM32, digital & analog circuit design, PCB design (KiCad)

Other – Problem solving, debugging, performance optimisation, Agile methodology

EDUCATION

Kwame Nkrumah University of Science and Technology

Kumasi, A/R | January 2021 – September 2024

BSc. Computer Engineering – 2nd Class Upper

- Deputy Chairman, Association of Computer Engineering Students (ACES) Sports Committee
- ACES Sports Personality of the Year 2023

Coursework: Secure Network Systems, Robotics and Computer Vision, Software Engineering, Computer Architecture, Database and Information Retrieval, Embedded Systems, Project Management.

Ghana-India Kofi Annan Centre of Excellence

Accra, G/A | September 2023 – February 2024

CCNA Certificate

Coursework: Network Access, IP Connectivity, Network Security, IP Services, Cisco IOS.

Ghana-India Kofi Annan Centre of Excellence

Accra, G/A | September 2021 – February 2022

Software Development Certificate

Coursework: Web Design, Python Programming, MySQL.

Pentecost Senior High School

Effiduase, E/R | September 2017 – August 2020

WASSCE Certificate

ADDITIONAL COURSES & CERTIFICATIONS

- AWS Academy Cloud Security
- AWS Academy Cloud Foundations
- Network Support and Security

INTERESTS

- Building seamless digital experiences across web and mobile platforms.
- Exploring the intersection of hardware, software, and networks.
- Continuous learning, open-source contribution, and problem-solving.
